An Analysis of the Christmas Day 2025 Tomahawk Strike in Sokoto State, Nigeria March 2026

Timeframe: 26/12/2025 – 27/12/2025

Nigeria · Military Alliances · Issue I

Key Insights

- The Christmas Day 2025 US missile strike was far more contested than the official narrative suggested
- The US had multiple motivations beyond counterterrorism
- Military action alone cannot resolve Nigeria's security crisis

Definition

The Effect of Framing: US Military action in Nigeria

> *"A precision strike on a complex crisis — and the narrative was the real target."*
